

2015 USEITI Data Sources for Online Report that are Downloadable or Power Interactions

The following lists variables, planned implementation descriptions, and data sources for the online report that will be downloadable and/or underlie interactive features. This is not a comprehensive list of data sources in the online and/or written report. Rather, it is the subset of data sources that play a substantial role in interactive modules on the online report.

Variable	Planned Implementation Description	Data Source
Reconciliation data	<ul style="list-style-type: none"> Unilateral disclosure of government receipts by company and revenue type <i>Considering how to incorporate company payment data reports</i> 	<ul style="list-style-type: none"> ONRR data IRS data released to the IA for public disclosure for tax reconciling companies (tax reporting companies did not release IRS data to the IA) Company reports
3.4b Revenues in absolute terms and as a percentage of total revenues	<ul style="list-style-type: none"> Revenues \$ value from production on federal lands Oil & Gas, Coal, Renewables (Offshore Wind and Geothermal), Non-Energy Minerals (Gold, Copper, Iron plus other minerals for which data is available) National, state, and county <i>We will explore adding the ability to filter by revenue type, similar to the unilateral disclosure data</i> 	<ul style="list-style-type: none"> ONRR data in scope for the reconciliation
3.4e/3.5a Production Total volumes and the value of production by commodity, and when relevant by state/region	<ul style="list-style-type: none"> Production volumes from federal lands Oil, Gas, Coal, Renewables (Geothermal), Non-Energy Minerals (Gold, Copper, Iron plus other minerals for which data is available) National, state, and county <i>Decision elevated to the Co-Chairs</i> 	<ul style="list-style-type: none"> ONRR data (federal lands) <i>Potential additions: Energy Information Administration (all lands) and USGS (all lands)</i>
3.4a GDP EI in absolute terms and as a percentage of GDP	<ul style="list-style-type: none"> GDP value added total \$ value for extractive industries GDP for extractive industries as a percentage of GDP for all industries National and state 	<ul style="list-style-type: none"> Bureau of Economic Analysis data, national, state
3. 4d Employment EI in absolute terms and as a percentage of employment	<p>National/State</p> <ul style="list-style-type: none"> Wage and salary employment total jobs and as a percentage of total employment by Oil, Gas, Coal, Non-energy Minerals Self-employment (sole proprietors, partners, self-employed) total jobs for the entire extractive industries and as a percentage of total employment <p>County</p> <ul style="list-style-type: none"> Wage and salary employment total jobs and a percentage of total employment for the entire extractive industries 	<ul style="list-style-type: none"> Bureau of Labor Statistics Quarterly Census of Employment and Wages (wage and salary employment) Bureau of Economic Analysis SA27N and SA25N (self-employment)

Variable	Planned Implementation Description	Data Source
3.4c/3.5b Exports Absolute terms and as a % of total exports; doing instead volumes (% of state exports) and value	<ul style="list-style-type: none"> Value of exports for Oil, Gas, Coal, and Non-energy Minerals Percent of state total exports for Oil, Gas, Coal, and Non-energy Minerals 	<ul style="list-style-type: none"> Census Foreign Trade Data
3.7a Disbursements EITI Report should indicate which extractive industry revenues, whether cash or in-kind...	<ul style="list-style-type: none"> Disbursement to fund totals by onshore or offshore production <i>State breakouts to disbursement data (planned improvement)</i> 	<ul style="list-style-type: none"> ONRR disbursement data Land and water conservation fund data
